## TURKISH

Türkiye'nin en büyük strafor duvar paneli ve söve üreticilerinden biri olan Ramsay; zamana meydan okuyan, pek çok farklı dekoratif strafor duvar paneli seçeneği sunmakta; gerçekçi ve modern ortamlara dakikalar içerisinde hiçbir yeri kirletmeden ve yüksek ücretler ödemenize gerek kalmadan ulaşmanıza olanak vermektedir.

Üstün teknolojiyle üretmekte olduğumuz hafif, ultra sert ve uygulama kolaylığı sağlayan Ramsay strafor duvar panellerimizi, tuğla ile taşın unutulmayan ve hiç eskimeyecek modası ile harmanlayarak beğeninize sunmaktan mutluluk duyuyoruz.

Panellerimizin ham maddesi olan ve günümüzde hala ısı yalıtımı ve mantolama grubunun vazgeçilmezi olarak kabul gören EPS Strafor ile şekillendirilen duvar panellerimiz, binalarınızın iç ve dış cephelerinde mantolama özelliğine ek olarak ekonomik ve özgün binalar sunmanıza olanak sağlamaktadır.

Hayallerinizdeki ortamı size sunmak için tasarladığımız birbirinden özel ve farklı çeşitlilikte olan Ramsay Duvar Panelleri, dekoratif ve estetik görüntüsü dışında ısı ve ses yalıtımına da katkı sağlamaktadır. Boyalı veya boyasız yüzey ayrımı olmadan tüm yüzeylerde kendin yap sistemine göre tasarlanmıştır ve kolaylıkla uygulanabilmektedir. Strafor duvar panelleri, darbelerle karşı ekstra dayanıklı olması için sağlığa hiçbir zararı olmayan özel akrilik kaplamamız ile ekstra sertleştirilmiştir. Yer kaplamayan, özel hiçbir ekipmana ihtiyaç duymadan kendinizin kolaylıkla yapabileceğiniz bir sisteme sahip olması sebebiyle çok ekonomiktir. Bunun yanında strafor duvar panelleri hiçbir zaman izolasyon özelliğini de yitirmedikten süresiz olarak ekonominize katkı sağlayacaktır.

Sizler için üretici firma olarak çalışmaya devam etmekten ve her geçen gün strafor panellerimiz arasına yeni modeller eklemekten mutluluk duyuyoruz.

Ramsay Strafor Duvar Panelleri ve Söve

## ENGLISH

Ramsay, which is one of Turkey's largest manufacturer of polystyrene wall panels and jambs, offers various different decorative polystyrene wall panels that defy time; and allows you to reach realistic and modern environments in minutes without polluting anywhere and without having to pay high fees.

We are pleased to present our Ramsay polystyrene wall panels, that we produce with our superior technology, which are light, ultra-hard and easy to apply, blended with the unforgettable and never-aging fashion of brick and stone.

Our wall panels shaped with EPS polystyrene, which is the raw material of our panels and still considered as an indispensable part of the heat insulation and sheathing group, allow you to offer economical and original buildings in addition to the sheathing feature on the interior and exterior of your buildings.

Ramsay Wall Panels, which are special and in different kinds, are designed to offer you the environment of your dreams; and also contribute to heat and sound insulation besides its decorative and aesthetic appearance. It is designed according to the do-it-yourself system and can be applied easily on all surfaces regardless of whether it is painted or unpainted. Polystyrene wall panels are extra hardened with our special acrylic coating, that has no harm to health, in order to be extra resistant against impacts. Since it has a system that you can easily make it yourself without the need for any special equipment and does not take up space, it is very economical. Additionally, since the polystyrene wall panels never lose their insulation feature, they will contribute to your economy indefinitely.

We are happy to continue to work for you as a manufacturer and add new models to our polystyrene panels every day.

STRAFÖR DUVAR PANELLERİ VE SÖVE

### Özellikler :

Ramsay strafor duvar panelleri dekorasyon amaçlı kullanılabileceği gibi aynı zamanda ısı yalıtımı ve ses izolasyonu için de kullanılabilmektedir.

Esnek, darbe emici yapısı ve sert yüzeyi sayesinde güvenle kullanılabilir.

Ramsay strafor duvar panellerinin özel üretim tekniği sayesinde doğrudan su ile temas etme durumunda dahi su emme oranı çok düşük olacağı için üzerindeki akrilik kaplama uzun yıllar aynı şekilde kalabilmektedir. Buna ek olarak nem ve rutubetten de etkilenmemektedir. Diğer yalıtım ürünlerine göre çevre dostu ve ozon tabakasına zarar veren CFC maddelerini içermemektedir. Ramsay strafor duvar panelleri anti bakteriyel bir ürün olup, diğer mantolama ve dekorasyon ürünlerine göre uygulaması çok daha kolaydır ve uzmanlık gerektirmez.

Dekore edilmek istenen ev, otel, kafe, restoran, mağaza ve ofisler için zaman kazandırıcı, pratik ve kolay bir çözümdür. Yapılan alana ısı ve ses yalıtımı özelliği kazandırır.

İstenen alana kolaylıkla monte edilebilir ve ekstra sert yüzeyi sayesinde darbelere karşı dayanıklıdır. Bunun yanında kolaylıkla demonte edilebilir ve bu sayede söküm için ekstra çaba ve maliyet gerektirmez. Doğal taşların uygulaması sırasında oluşan kiri ortadan kaldırır ve hafif yapısı sayesinde uygulama kolaylığı sağlar. Ayrıca, doğal taş, mermer ve ahşap uygulamalarının işçilik masraflarını düşürür. Hobi olarak, ev dekorasyonu için evde kendiniz dahi uygulayabilirsiniz. Panellerin her biri doğallık hissiyatı verir.

### Sıkça Sorulan Sorular

#### Ramsay Duvar Paneli nedir?

Ramsay strafor duvar panelleri ısı ve ses yalıtımı sağlayan bir üründür. Panellerimiz strafor üzerine uygulanan sert akrilik kaplaması ve özel boyası sayesinde uygulayacağınız yerlere dekoratif bir görsellik katar.

#### Ramsay Duvar Panelleri yalıtım sonrasında mı uygulanmalıdır?

Ramsay Duvar Panellerini uygulamadan önce

### Specifications :

Ramsay polystyrene wall panels can be used for decoration as well as for thermal insulation and sound isolation.

It can be used safely due to its flexible and shock-absorbing structure and hard surface.

Due to the special production technique of Ramsay polystyrene wall panels, its acrylic coating can remain the same for many years as the water absorption rate is very low even in case of direct contact with water. Additionally, it is not affected by moisture and humidity. It is environmentally friendly and does not contain CFC materials that harm the ozone layer compared to the other insulation products. Ramsay polystyrene wall panels are an antibacterial product and they are much easier to apply and do not require expertise compared to other sheathing and decoration products.

It is a time-saving, practical and easy solution for houses, hotels, cafes, restaurants, shops and offices to be decorated. It provides thermal and sound insulation feature to the applied area.

It can be mounted on the desired area and it is resistant to impacts due to its extra hard surface. Besides, it can be easily disassembled and thus it does not require extra effort and cost for dismantling. It eliminates the dirt that occurs during the application of natural stones and provides ease of application due to its light structure. In addition, it reduces the labor costs arising from the application of natural stone, marble and wood. As a hobby, you can even apply yourself at home for home decoration. Each of the panels gives a sense of naturalness.

### Frequently Asked Questions

#### What is Ramsay Wall Panel?

Ramsay polystyrene wall panels are products that provide thermal and sound insulation. Our panels add a decorative visuality to the places you will apply due to its hard acrylic coating and special paint applied on polystyrene.

#### Should Ramsay Wall Panels be applied after the insulation?

You do not need to apply any insulation material

**RAMSOY**

STRAFOR DUVAR PANELLERİ VE SÖVE

herhangi bir yalıtım malzemesini uygulamanıza gerek bulunmamaktadır. Ramsay Duvar Panellerinin ana maddelerinden biri EPS (strafor) olduğundan ve ısı yalıtımı sağladığından kendiliğinden yalıtım malzemesi görevi görmektedir.

#### **Montaj hizmetimiz bulunmakta mıdır?**

İhtiyaç duyulması halinde alanında uzman uygulama bayilerimize yönlendirme yapabilmekteyiz.

#### **Ramsay Duvar Panellerinin üzerine resim, TV vb. ürünler asılabilir mi?**

Ramsay Duvar Panelleri istenen şekilde delinebilir ve kesilebilir. Bu kapsamda, paneller üzerine resim, TV vb. ürünler kolaylıkla asılabilir/monte edilebilir.

#### **Ramsay Duvar Panellerinin uygulama sonrasında nasıl görüneceği konusunda tasarım hizmetiniz mevcut mudur?**

Proje ekibimiz uygulama akabinde bitmiş projenin ne şekilde görüneceği konusunda size 3D tasarım hizmeti vermektedir.

#### **Ürünleriniz insan sağlığına zararlı mıdır?**

Bütün ürünlerimizin TSE, ISO9001 ve CE sertifikaları bulunmaktadır. Ürünlerimiz insan ve hayvan sağlığına zararlı olmayıp aynı zamanda çevre dostudur.

#### **Ramsay Duvar Panelleri iç cephe kaplamada kullanılabilir mi?**

Ramsay Duvar Panellerini iç cephede güvenle kullanabilirsiniz. Panellerimiz iç ve dış cepheler için farklı kalınlıklarda üretilebilmektedir. Sadece görsel olarak hoş bir alan yaratmanın yanında aynı zamanda ısı ve ses yalıtımına da yardımcı olmaktadır. Eğer binanızın ısı yalıtımı yok ise paneller, aynı zamanda ısı yalıtımı da sağlamaktadır.

#### **Ramsay Duvar Panelleri tavan ve zeminde kullanılabilir mi?**

Uygulanacak yüzeye göre seçilecek doğru yapıştırıcı malzeme ile panellerimiz kolaylıkla tavana monte edilebilir ve aynı zamanda ısı yalıtımı sağlar. Ürünler zemin kaplamasında kullanılamamaktadır.

before applying Ramsay Wall Panels. Since one of the main materials of Ramsay Wall Panels is EPS (polystyrene) and provides thermal insulation, it acts as an insulation material.

#### **Do we have installation service?**

In case of need, we can direct you to our application dealers who are experts in their fields.

#### **Can pictures, TV etc. be hung on Ramsay Wall Panels?**

Ramsay Wall Panels can be drilled and cut as desired. In this context, pictures, TV etc. can be easily hung/mounted on panels.

#### **Do you have design service about how Ramsay Wall Panels will look after application?**

Our project team gives you 3D design service on how the finished project will look after the application.

#### **Are your products harmful to human health?**

All of our products have TSE, ISO9001 and CE certificates. Our products are not harmful to human and animal health, but also environmentally friendly.

#### **Can Ramsay Wall Panels be used for interior wall cladding?**

You can use Ramsay Wall Panels on the interior wall safely. Our panels can be produced in different thicknesses for interior and exterior walls. It does not only create a visually pleasing area, but also helps thermal and sound insulation. If your building does not have thermal insulation, the panels also provide thermal insulation.

#### **Can Ramsay Wall Panels be used on ceilings and floors?**

With the right adhesive material to be chosen, according to the surface to be applied, our panels can be easily mounted on the ceiling and also provide thermal insulation. Products cannot be used for floor cladding.

# **RAMSOY**

STRAFOR DUVAR PANELLERİ VE SÖVE

### **Ramsoy Duvar Panelleri boyanabilmekte midir?**

Eğer duvarınızın rengini değiştirmek isterseniz Ramsoy Duvar Panellerinin üzerini kolaylıkla boyayabilirsiniz.

### **Neden doğal taş, ahşap ve mermerin yerine Ramsoy Duvar Panellerini seçmeliyim?**

Doğal taş, ahşap ve mermer ile kıyaslandığında Ramsoy Duvar Panelleri oldukça hafiftir. Bu kapsamda eski ve tadilat gerektiren binalarda panellerimizin uygulanması durumunda, bina üzerine ekstra bir yük bindirmezsiniz. Kolay ve basit bir şekilde monte edilebildiği için uygulama aşaması çok kısa sürmektedir. Bu sebeple dekorasyonun yenilenmesi istenen ev, kafe, spor salonları, mağazalar ve otellerde zaman kazandıran, pratik ve efektif bir çözümdür. Uygulama aşamasında herhangi bir inşaat atığı da oluşturmadığından daha uygun bir seçenektir.

### **Ürünler ekstra bakım ve onarım gerektirmekte midir?**

Ramsoy Duvar Panelleri kolaylıkla silinebilir ve yıkanabilir. Bu kapsamda herhangi ekstra bir bakım ve onarım gerektirmez. Dış cephe panellerimiz için ise doğal ürünlerde olduğu gibi renk kaybını en aza indirebilmek için her 2 (iki) senede bir koruyucu vernik uygulamasının tekrarlanmasını önermekteyiz.

### **Paneller istenen boyutlarda kesilebilmekte midir?**

Panelleri ihtiyaç duyduğunuz boyutlarda testere, maket bıçağı veya benzeri bir malzeme ile kolaylıkla kesebilirsiniz.

### **Ramsoy Duvar Panelleri çok sıcak veya çok soğuk sıcaklıklarda kullanılabilir mi?**

Panellerimiz sıcak ve soğuk havaya dayanıklı olduğundan güvenle kullanılabilir. Paneller halihazırda ısı yalıtımı da sağladığından enerji tüketimini de düşürmektedir.

### **Can Ramsoy Wall Panels be painted?**

If you want to change the color of your wall, you can easily paint the Ramsoy Wall Panels.

### **Why should I choose Ramsoy Wall Panels instead of natural stone, wood and marble?**

Compared with natural stone, wood and marble, Ramsoy Wall Panels are quite light. In this context, if our panels are applied on old buildings that require renovation, you will not put an extra load on the building. As it can be mounted easily and simply, the application phase takes a very short time. For this reason, it is a time-saving, practical and effective solution in houses, cafes, gyms, shops and hotels where decoration is desired to be renewed. It is a more suitable option since it does not create any construction waste during the application.

### **Do the products require extra maintenance and repair?**

Ramsoy Wall Panels can be easily wiped and washed. In this context, it does not require any extra maintenance and repair. For our exterior panels, we recommend to repeat the application of protective varnish every 2 (two) years in order to minimize color loss as is the case with natural products.

### **Can the panels be cut in the desired sizes?**

You can easily cut the panels with saw, craft knife or a similar material in any size you need.

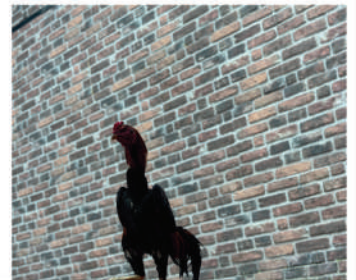

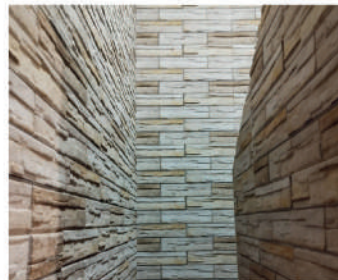

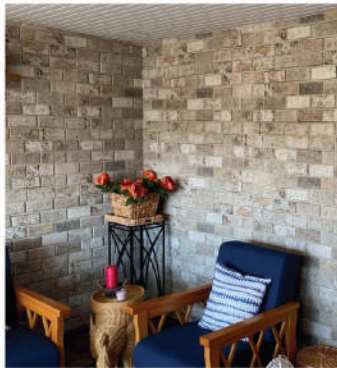

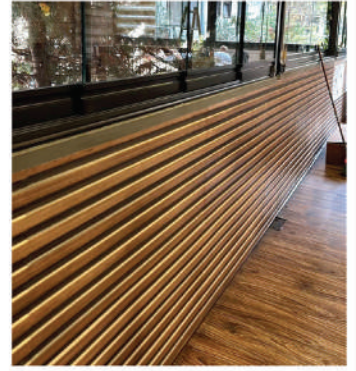

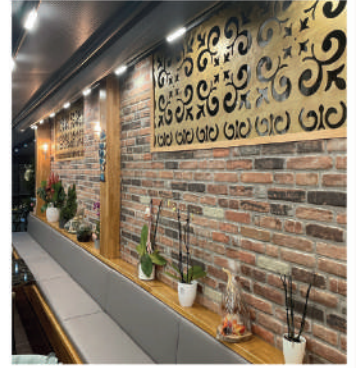

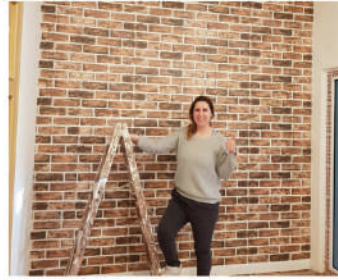

### **Can Ramsoy Wall Panels be used at very hot or very cold temperatures?**

Our panels can be used safely since they are resistant to hot and cold weather. Since the panels already provide thermal insulation, they also reduce energy consumption.
